

APPENDIX G - GRANT INFORMATION SUMMARY FOR CONSERVATION PROJECTS

INTRODUCTION

FOR THE LATEST VERSION OF THIS SUMMARY WITH HYPERLINKS, PLEASE VISIT THE USDA-NRCS WEBSITE AT: <http://www.il.nrcs.usda.gov>

This summary is intended to assist individuals, groups, and local units of government in search of funding or other financial incentives for community-based conservation projects in Illinois. The list is divided into five categories: federal funding sources, state funding sources, other public/private sources, and private sources. A key has been developed to identify eligible groups for each grant after the title of the grant:

Key to group eligibility:

- "I"** individuals eligible
- "G"** local units of government
- "O"** all organizations eligible to apply
- "P"** private not-for-profit (501C3) groups only eligible
- "E"** educational institutions
- "U"** unknown or eligibility varies, need to contact administrators.

For the purposes of this document, conservation is defined as holistically as possible to include grants or financial incentives that enhance the wise use and management of natural and cultural resources in urban, suburban, and rural communities. Some of these grants may not have conservation as a specific goal, but could be used to achieve multiple objectives that include conservation.

The intent of this document is to provide the reader with examples of what is available in financial incentives. Many other funding alternatives exist, and may better fit local needs. This document is provided as a public service and does not constitute a recommendation or endorsement of any particular grant or program; also note that the absence of any particular grant or program does not constitute a negative endorsement. While an effort has been made to provide an accurate listing, funding information is constantly changing and omissions or errors may occur. Please recycle previous editions. For corrections, comments or additional copies of this summary, please contact:

FEDERAL FUNDING SOURCES

The federal government is an excellent place to investigate funding resources for conservation projects. Once you identify your specific requirements, the Catalog of Federal Domestic Grants (CFDA) is the single best place to look for federal funding sources-the catalog should be available at your local library or you can view the CFDA on-line:

State Tax Incentives for Conservation: O, I.

-Urban land that is environmentally sensitive may qualify for significant property tax reductions:
Real Property Conservation Rights Act (765 ILCS 120/1 et seq.).
- If land is qualified by having a conservation easement, it may be assessed at 8 1/3 fair market value.
Illinois Natural Areas Preservation Act (525 ILCS 30/1 et seq)/17 Ill Adm. Code.
- If land is qualified by being designated as an Illinois Nature Preserve, it may be assessed at \$1/year in perpetuity.
Open Space Assessment (Illinois Property Tax Code Sections 10-155).
- A lower use evaluation is used for land in open space, 10 acre minimum area, not applicable in Cook County.
Preferential Assessment of Common Areas (Illinois Property Tax Code Sections 10-35).
- Purpose is to encourage open space in residential developments, if qualifying, assessment is reduced to \$1/year.

Other tax incentives may also apply, contact IDNR regarding the Real Property Conservation Rights Act and the Illinois Natural Areas Preservation Act at 217-785-8774. Contact your local township or county assessor to determine eligibility under the Open Space Assessment and Preferential Assessment of Common Areas.

OTHER PUBLIC/PRIVATE SOURCES

Community Development Assistance Program (Community Development Block Grant): G.

-Eligible projects must include activities that improve community welfare, specifically in moderate or low-income areas. Conservation-related projects can possibly include the acquisition of real property (e.g., flood-prone areas), construction of water or sewer facilities, and initiatives for energy conservation. Funding competition is intense.
-Application deadlines vary; no match required.
-Money originates at the federal level as the Community Development Block Grant and is administered directly to "entitlement" communities such as the urbanized counties in Northeastern Illinois and selected municipalities such as the City of Chicago. In other areas, municipalities and other units of local government should contact their county government to apply for funds from the state under the Community Development Assistance Program. Community groups should work through their local municipality in incorporated areas and the next level of local government (i.e. township or county) in other areas.

Conservation 2000 -- Streambank Stabilization & Restoration Program (SSRP): G, O, I.

- Eligible projects include naturalized stream bank stabilization practices in rural and urban communities.
- Application deadlines are January, May and September.
- 25% match required, 20% for qualified watershed planning areas.
- Contact the local Soil & Water Conservation District that services your county. Offices are listed in the phone book under "local government."

Habitat Restoration Fund for the Fox and Kishwaukee River Watersheds: I, O, E, G.

- Eligible projects include native plantings, upland habitat & wetland restoration.
- Deadlines in March and August.
- 75% cost-share, up to \$5,000.
- Contact the Lake, Kane-DuPage, DeKalb, Boone, McHenry or North Cook Soil and Water Conservation Districts for more information.

Great Lakes Basin Program for Soil Erosion and Sediment Control: U.

- USDA-sponsored projects include protection of Great Lakes Water Quality by controlling erosion and sedimentation (only available in Lake, Cook, and Will Counties). Typical grant amount around \$25,000.
- Application deadline in January.
- Contact the Great Lakes Commission at 734-665-9135.
- <http://www.glc.org/basin/RFP.html>

Chicago Wilderness Small Grants: U.

- Eligible projects include natural areas enhancement, education, and research that focus on biological diversity of northeastern Illinois, northwestern Indiana, and the southeastern Wisconsin region.
- Application deadlines vary, need to call
- 1:1 matching funds or in-kind services required.
- Contact the Chicago Wilderness at 312-346-8166 ext. 30 for information.

PRIVATE SOURCES

Private sources of funding for community and urban conservation projects include corporations and individuals that have established foundations for charitable purposes. Many corporate foundations focus their philanthropy in areas near their operations, so local retailers, businesses, or the local chamber of commerce might be a source of revenue for your project. Most, but not all, require that the group applying for funding be sponsored by a not-for-profit [501(c)(3)] corporation. Information about private foundations can be identified through organizations that specialize in grant information research. Fees for services or products may be charged by these organizations, so be sure to clarify if charges will be incurred. For “do-it-your-selves,” local grant data collection centers are available throughout Illinois and in convenient Indiana and Missouri locations:
