**Kendall County Soil & Water
Conservation District**

The Kendall County Soil & Water Conservation District (SWCD) in partnership with Kendall County and the Illinois Environmental Protection Agency (EPA) bring you a lunch workshop focusing on soil erosion and sediment control related topics.

Come learn the current and upcoming regulations from Illinois EPA. From there we'll learn about the Illinois Urban Manual (IUM) and how you can use it as a tool when designing, installing and maintaining best management practices (bmps). In addition, we'll preview the IUM Field Manual. Finally we'll focus on erosion and sediment control bmps that you can use onsite to address resource concerns. We hope you'll be able to join us for this free workshop!

Agenda

10:30am	Registration
10:45am	Current & Upcoming NPDES & MS4 Regulations Karen Katamay, Illinois EPA
11:15am	Illinois Urban Manual & Field Manual Megan Andrews, Kendall County SWCD
11:35am	Dewatering Do's & Don'ts Ryan Alltop, ENCAP, Inc.
12:05pm	Lunch Buffet
