MEMORANDUM

TO: SWCD Directors

FROM: Terry Bogner, AISWCD Envirothon Committee Chair

RE: FY 2014 Envirothon

DATE: March 6th, 2014

The Illinois Envirothon is seeking your financial support for its hands-on environmental education program. The Envirothon is a problem-solving natural resource competition for high school students in the United States and Canada.

Teams of high school students from across the state are tested on their knowledge of natural resources - Aquatics, Forestry, Soils, Wildlife and a current environmental issue. Students visit five "in-the-field" test stations where written and hands-on problem solving is required. The 2014 current environmental issue is "Sustainable Ag/ Locally Grown."

Sixteen teams will compete at the 2014 Illinois Envirothon on April 30th and May 1st at Allerton 4-H Memorial Camp in Monticello, Illinois. The winning Illinois team will then go onto the National/Regional competition and will be contacted by our Coordinators in DeWitt County with those upcoming details. One hundred percent of your financial contributions will go directly to the state competition. Your dollars will go towards scholarships and awards, meals, lodging, and supplies for the environmental issues.

Please fill out and return the enclosed pledge sheet and become a part of the discovery of Natural Resources through the Illinois Envirothon.
