

Job Opening:

The Montgomery County Soil and Water Conservation District has an opening for a Resource Conservationist.

The basic responsibility of the **Resource Conservationist** position is to provide administrative leadership, technical/clerical/educational assistance, and representation of the **Montgomery County Soil and Water Conservation District** in their promotion and practice of the wise use of natural resources.

This position entails a common knowledge of Microsoft programs including Word, Excel and Outlook. There will be a division of time spent both in the office and in the field assisting with survey and design work, resources identification, and field monitoring. Training will be provided and will be a major component of the job. Some local travel will be required for training and meetings. Experience with land survey, practice design, soil composition, aerial photography, etc. is helpful, as are good communication skills. A valid driver's license is a requirement and a background check will be completed. A complete job description can be provided upon request.

Potential candidates should submit a resume', cover letter and three references to the MCSWCD by December 10th, 2018 via mail, email or in person.

Salary and benefits are commensurate with education and experience.

The Montgomery County SWCD is an equal opportunity employer and provider.
